

# CONCRETE LABORATORY TESTING TECHNICIAN

**The NJ Chapter ACI is conducting an ACI Concrete Laboratory Testing Technician, Grade II certification course.**

This program is intended to train concrete technicians to select proportions for concrete mix designs, evaluate concrete test results using statistical methods, perform the flexural strength test and nine other test methods not covered by the Laboratory Grade 1 certification program. This course is structured to provide laboratory staff the technical knowledge to be better able to develop and review mix designs and evaluate test results.

**ACI Concrete Laboratory Testing Technician Grade 1 certification is a prerequisite for taking this course. Lab Grade 1 certification # \_\_\_\_\_**

A listing of the tests involved is on the reverse side of this form.

**Location:** The Port Authority of NY & NJ Technical Center, 241 Erie St., Jersey City, NJ

**Dates:** Classes Tuesdays, March 6, 13, & 27 , with the written & performance test on Tuesday, April 3, 2012
